Crop	Advisory
Orchards	<ul style="list-style-type: none"> Harvested fruits should be shifted to safe storage; avoid leaving produce in orchards. Support fruit-laden branches with props/nets to minimize breakage from gusty winds. Postpone spraying of chemicals/fertilizers until weather improves.
Agricultural Crops	<ul style="list-style-type: none"> Avoid sowing, harvesting, or threshing operations during heavy rain and gusty winds. Ensure harvested produce is stored under cover to prevent spoilage. Maintain proper drainage in fields to avoid water stagnation and crop damage.
Livestock/Poultry	<ul style="list-style-type: none"> Keep animals indoors in safe sheds; avoid grazing in open fields during heavy rain or thunder. Do not tether livestock near landslide-prone slopes, trees, or metallic poles during lightning. Stock adequate fodder and drinking water inside sheds in case of temporary disruption.
