- iii) Bill of Quantities
- iv) Drawings

The bid document is available online on the website <http://www.jktenders.gov.in>. The bid document can be downloaded free of cost, however, the submission of bid on-line is subject to payment of document fee Rs. 20,000/- as per the details given in the tender notice.

The Bidder is advised to go through all given instructions and terms of reference before bidding for the instant work. Failure to comply with the requirements of bid submission will be at the bidder's own risk. Bids which are not substantially responsive to the requirements of the bidding document shall be summarily rejected.

2. CLARIFICATION OF BIDDING DOCUMENT

The electronic bidding system provides for online clarification. A prospective bidder requiring any clarification of the bidding document may notify online the authority inviting the bid. The authority inviting the bid will respond to any request(s) for clarification received during the validity period of bid-submission and the response of the authority inviting the bid will be uploaded for information of the public or other bidders without identifying the source of request for clarification. The authority inviting the bid shall not be liable to response for the clarification, if any, received after bi-submission end date.

3. AMENDMENT OF BIDDING DOCUMENT

Before the deadline for submission of bids, the Employer may modify the bidding documents by issuing online corrigendum. The corrigendum will appear on the web page of the website www.jktenders.gov.in under the "Latest Corrigendum" and e-mail notification is also automatically sent to those bidders who have moved this tender to their "My tenders" area.

Any addendum thus issued shall be part of the bidding document and shall be deemed to have been communicated to all the bidders who have moved this tender to their "My Tenders" area. In case of any addendum/Corrigendum, the system will automatically send e-mail to all bidders who have downloaded the bidding document.

To give prospective bidders reasonable time in which to take an addendum into account in preparing their bids, the Employer, if felt necessary, shall extend the deadline for submission of bids, in accordance with essence of such addendum.

C. PREPARATION OF BID DOCUMENT

1. LANGUAGE OF BID DOCUMENT

All documents related to this Bid shall be in English Language only.

The bid to be uploaded by the bidder shall be uploaded in two separate titles—one Technical Bid and the other Financial Bid. “**Technical Bid**” shall comprise :

2. BID PRICE

The bid shall be for the whole works till completion of the project in all respects taken along with the Defects Liability Period. All duties, taxes and other levies payable by the Bidder under this contract and any other charges, whatsoever, till completion of DLP shall form Bid-Price without keeping any room for extra charges over and above the Bid-Price.

Bid-Price of the Bidder shall be absolute and fixed, not subject to any change and/or adjustment on any account during contract including DLP.

3. CURRENCIES OF BID

Bid-Price and Payment against work-done shall be in Indian Rupees entirely.

4. BID VALIDITY

Bids shall remain valid for a period not less than 120 days (One hundred twenty days) from the date of opening of Financial bid as specified in the e-NIT.

In exceptional circumstances, prior to expiry of the original time limit, the Employer may request that the bidders may extend the period of validity for a specified additional period. The request and the bidders’ response/s shall be made in writing or by cable. A bidder agreeing to the request will not be required or permitted to modify his bid. However, Bid evaluation will be based on the bid prices without taking into consideration the extension in validity period of the bid.

5. PERFORMANCE SECURITY

The successful bidder, once conveyed Letter of Acceptance (LoA) for execution of this contract, shall be liable to deposit **performance security @ 5% of his offered price (Bid Price)** in the shape of CDR/FDR/BG pledged to Assistant Comptroller, Estates SKUAST-Kashmir. Performance Security thus deposited shall be released to the contractor after successful completion of the work, duly certified by the Executive Engineer, SKUAST-Kashmir. However, his EMD shall be released after the receipt and verification, if any, of the performance security.

6. ALTERNATIVE PROPOSAL BY A BIDDER

The bidder is liable to tender for this work as per the requirements and guidelines of SKUAST-Kashmir and he shall not submit alternative proposal of his own, unless otherwise asked for the same by the Employer in writing elucidating the need and urgency of such alteration.

D. BID OPENING & EVALUATION

1. BID OPENING

Bids received shall be opened online at the specified date and time given in the e-NIT. If the office is closed on the specified date of opening of the bids, the opening shall be done on the next working day at the same time.

2. PROCESS TO BE CONFIDENTIAL

The Tender Document and associated correspondence are subject to copyright laws and shall always remain the property of SKUAST-Kashmir and must not be shared with third parties or reproduced, whether in whole or part, without the Employer's prior written consent.

However, a Bidder may share these with his employees, subcontractor(s) to prepare and submit his bid.

This condition shall also apply to bidders who are not awarded a contract in the process.

The obligation of the Bidders under this clause, however, shall not apply to information that:

- now or hereafter is or enters the public domain through no fault of Bidder;
- is legally possessed by Bidder at the relevant time and was not previously obtained, directly or indirectly, from SKUAST-Kashmir; or
- otherwise lawfully becomes available to Bidder from a third party that has no obligation of confidentiality.

The provisions of this clause shall survive completion or termination for whatever reason of the Tender Process or the contract respectively.

3. CLARIFICATION OF BIDS

- 1) During the evaluation of Technical or Financial Bid, SKUAST-Kashmir may, at its discretion, but without any obligation to do so, ask a Bidder to clarify his bid by a specified date. The Bidder should answer the clarification within that specified date (or, if not specified, 3 days from the date of receipt of such request). The request for clarification shall be submitted in writing or electronically, and no change in prices or substance of the bid shall be sought, offered, or permitted that may grant any undue advantage to such bidder.
- 2) If discrepancies exist between the uploaded scanned copies and the Originals submitted by a bidder, the original copy's text, etc., shall prevail. Any substantive discrepancy shall be construed as a violation of the Code of Integrity, and the bid shall be liable to be rejected as nonresponsive in addition to other punitive actions under the Tender Document for violation of the Code of Conduct.

4. EXAMINATION OF BIDS AND DETERMINATION OF RESPONSIVENESS

From the time of bid submission to awarding the contract, no Bidder shall contact SKUAST-Kashmir on any matter relating to the submitted bid. If a Bidder needs to contact SKUAST-Kashmir for any reason relating to this tender and/or his bid, he should do so only in writing or electronically. Any effort by a Bidder to influence the Department during the processing of bids, evaluation, bid comparison or award decisions shall be construed as a violation of the Code of Integrity, and bid shall be liable to be rejected as non-responsive in addition to other punitive actions for violation of Code of Integrity as per the Tender Document.

A substantively responsive bid is complete and conforms to the Tender Document's essential terms, conditions, and requirements, without substantive deviation, reservation, or infirmity.

Only substantively responsive bids shall be considered for further evaluation.

The following are some of the crucial aspects for which a bid shall be declared as non-responsive and thus rejected:

- 1) The bid is not in the prescribed format or is not submitted as per the stipulations in the Tender Document.
- 2) EMD (Earnest Money Deposit) has not been provided.
- 3) Bidder is not eligible to participate in the bid as per laid down eligibility criteria;
- 4) Bidder has quoted conditional bids or more than one bid or alternative bids without explicit permission from the Employer in writing.
- 5) The bid departs from the essential requirements stipulated in the bidding document;
- 6) Submission of illegible scanned copies of stipulated documents/declarations

5. EVALUATION AND COMPARISON OF TECHNICAL & FINANCIAL BIDS

5 (a) Evaluation of Technical Bids

Only substantively responsive bids shall be evaluated for techno-commercial evaluation. In evaluating the **Technical Bids**, conformity to the eligibility/ qualification criteria, technical specifications, and Quality Assurance to those in the Tender Document is ascertained. Additional factors incorporated in the Tender Document shall also be considered in the manner indicated therein. Bids with substantive deviations from set requirements in this tender document shall be rejected as non-responsive. SKUAST-Kashmir reserves its right to consider and allow minor deviations in technical Conditions as per given format.

Tenders that do not meet the required eligibility criteria as prescribed shall be rejected as non-responsive.

SKUAST-Kashmir shall determine, to its satisfaction, whether the Bidders are qualified and capable in all respects to perform the contract satisfactorily. This determination shall, inter-alia, consider the Bidder's Experience/Past Performance, and Financial Capabilities; for satisfying all requirements incorporated in the Tender Document. The determination shall not consider the qualifications of other firms such as the Bidder's subsidiaries, parent entities, affiliates, subcontractors (other than specialized subcontractors if permitted in the bidding document), or any other firm(s) different from the Bidder.

5 (b) Evaluation of Financial Bids

Bids that succeed in the above technical evaluation shall be considered for financial evaluation. The list of such technically suitable bidders shall be communicated on-line and the process of opening of financial bids of qualified bidders shall take place as per given schedule.

Complete in all respects and unconditional financial bid shall be considered for evaluation by the Tender Opening Committee, Estates Division SKUAST-Kashmir.

The comparison of the responsive Bids shall be on total outgo from the pocket of SKUAST-Kashmir, to be paid to the contractor or any third party, including all elements of costs as per the terms of the proposed contract, duly delivered, completed in all respects, etc. including all taxes, duties, levies, and/or extra charges whatsoever.

E. NOTIFICATION OF AWARD AND SIGNING OF CONTRACT

SKUAST-Kashmir shall award the contract to the Bidder whose bid is Techno-commercially suitable and bid price is lowest and reasonable.

1. Verification of Original Documents

Before issuing a Letter of Award (LoA) to the successful Bidder(s), SKUAST-Kashmir may, at its discretion, ask Bidder to submit for verification the originals of all such documents whose scanned copies were submitted online along with the Technical bid. If so decided, the photocopies of such self-certified documents shall be verified and signed by the competent officer and kept in the records as part of the contract agreement. If the Bidder fails to provide such originals or in case of substantive discrepancies in such documents, it shall be construed as a violation of the Code of Integrity. Such bid shall be liable to be rejected as nonresponsive in addition to other punitive actions under rules.

2. Letter of Award (LoA)

The Bidder, whose bid has been accepted and documents verified (at the discretion of SKUAST-Kashmir), shall be notified of the award before the expiry of the bid validity period by written or electronic means. This notification (hereinafter called the "Letter of Award - LoA") shall state the sum (hereinafter called the "Contract Price") that the University shall pay the contractor in consideration of delivery of Services and execution of the contract. The Letter of Award (LoA) shall constitute the legal document of the contract, subject only to the furnishing of performance security by the bidder as per the T&C of this tender document.

3. Performance Security

- 1) Within 14 days (or any other period stipulated in the LoA) of receipt of the Letter of Award (LoA, or the contract if LoA has been skipped), performance Security as per details in the e-NIT shall be submitted by the contractor in the shape of CDR/FDR/BG pledged to Assistant Comptroller Estates SKUAST-Kashmir @ 5% of his bid-price.
- 2) If the contractor, having been called upon by SKUAST-Kashmir to furnish Performance Security, fails to do so within the specified period, it shall be lawful for the Department at its discretion to annul the award and enforce forfeiture of the contractor's EMD, besides taking any other administrative punitive action like 'Removal from List of Registered Bidders' etc.

4. Signing of Contract

- 1) Within seven working days of receiving performance security, SKUAST-Kashmir shall send formal Allotment of Contract duly completed and signed, by registered/ speed post or by suitable digital means to the successful Bidder.
- 2) The contract shall be taken to be legally effective from the date of signing Letter of Acceptance (LoA) by Estates Officer, SKUAST-Kashmir.

5. Publication of Tender Result

The name and address of the successful Bidder(s) receiving the contract(s) shall be published in the Portal and notice board/ bulletin/website of SKUAST-Kashmir.

F. GENERAL CONDITIONS OF CONTRACT

1. PENALTY FOR DELAY

The works shall throughout the stipulated period of the contract be proceeded with expedition and diligence and the contractor shall be liable to pay to the University an amount as the Vice-Chancellor/Estates Officer/Executive Engineer whose decision in writing in this behalf shall be final may decide, for every day on which the work remains un-commenced, delayed or unfinished after the specified dates for various stages of the work under contract.

2. DEFAULT

In the event of failure or default on the part of the Contractor to fulfil any of the terms and conditions of the contract, including delay in completion of the works, the Vice-Chancellor/ Estates Officer/Executive Engineer shall in addition to the penalty provided for here-in-above and without prejudice to the remedies available to the University under any law for the time being in force, be competent to adopt all or any of the following courses:

- a) Rescind the Contract (of which rescission notice in writing of 10 days duration to the contractor under the hand of the Vice-Chancellor/Estates Officer/Executive Engineer shall be conclusive evidence) and in which case the performance security of the contractor shall be forfeited and be at the disposal of the University, and/or
- b) Employ labour and supply materials to carry out the works, or any part of the work, debiting the Contractor with the cost of the labour and the price of the materials (certificate of the Estates Officer/Executive Engineer in respect of cost of materials and wages of labour shall be final and conclusive against the Contractor) and crediting him with the value of work done, in the same manner and at the same rates as it has been carried out by the Contractor under the terms of this contract. The certificate of the Vice-Chancellor/Estates Officer/ Executive Engineer as to the value of the work done shall be final and conclusive against the Contractor, and/or
- c) Measure up the work executed by the Contractor and to take such part thereof as shall be unexecuted out of his hands and to give it to another Contractor for completion in which case expenses incurred in excess of the sum which would have been paid to the Contractor, if the whole work were executed by him, (the certificate, in writing, of the Vice-Chancellor/Estates Officer/Executive Engineer in respect of the excess amounts involved shall be final and conclusive) shall be borne and paid by the Contractor or may be deducted from any money due to him from University under this contract or otherwise, or from his performance security deposit, and/or
- d) Impose and recover such penalty as may be determined by the Vice-Chancellor/Estates Officer/Executive Engineer in addition to the forfeiture of performance security deposit.

In the event of any of the courses being adopted by the **Vice-Chancellor/Estates Officer/Executive Engineer**, the Contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or prepared any material/equipment or entered into engagements or paid any advance on account of, or with a view to the execution of the works. In case the contract is rescinded under the aforesaid provisions, the contractor shall not be entitled to recover or be paid any sum for any work actually performed under this contract, unless and until the **Vice-Chancellor/Estates Officer/Executive Engineer** has certified in writing regarding the quantum of performance of such work and the value payable in respect thereof.

In the event of the **Vice-Chancellor/Estates Officer/Executive Engineer** putting in force any of the powers (a) to (d) vested in him under the preceding clauses he may, if so desired, take possession or order to take possession of any materials, tools, plant, stores, etc. lying in or upon the works, or the site thereof belonging to the Contractor or procured by him and intended to be used for the execution of the works or any part thereof paying or allowing for the same at the contract rates, to be certified by the Estates Officer whose certificate thereof, shall be final. The Estates Officer may by notice in writing to the Contractor or his representative require him to remove such tools, plants, materials or stores from the premises (within a time specified in such notice) and in the event of Contractor's failure to comply with any such orders, the Vice-Chancellor/Estates Officer/Executive Engineer may cause to remove them at the Contractor's expense or sell them by auction or private sale. The certificate of the **Vice-Chancellor/Estates Officer/Executive Engineer** in respect of expenses incurred or the amount debitable to the Contractor on account of any such sale shall be final, conclusive and binding on the Contractor.

3. DEFECTS LIABILITY PERIOD

In or during a period of 12 months (which shall be considered as the Defects Liability Period) from the date of the virtual completion and handing over of the works, if any defect is found in the works or in any part thereof which may have been caused by bad workmanship, use of inferior materials or otherwise or if in the opinion of the Vice-Chancellor/Estates Officer/Executive Engineer/Engineer-in-Charge any repairs are required to be made in any work done, the Contractor shall be liable to remove the defects or make repairs good at his own cost and expense within a period of 30 (thirty) days of the issue of notice from the Engineer-in-Charge. In the event of failure on the part of the Contractor to remove these defects or make repairs good within the stipulated period, the Engineer-in-Charge may cause the defects removed or repairs made good by any other agency and the cost thereof shall be recoverable from the performance security deposit of or any amounts due to the Contractor. The defects or repairs shall be deemed to have been removed/made when the **Vice-Chancellor/Estates Officer/Executive Engineer/Engineer-in-Charge** certifies that the defects have been removed or the repairs have been made to his entire satisfaction.

4. SETTING OUT

The Contractor shall be responsible for the true and proper setting out of the works and for the correctness of the positions, levels, alignments and dimensions of the works and for the provision and maintenance of all necessary instruments, appliance, labour, etc. in connection therewith.

5. TEMPORARY SUSPENSION OF WORK

The Engineer-in-Charge may suspend the work wholly or in part for such period as he may deem necessary, due to unsuitable weather, or for such other causes as are considered unfavourable for the execution of the work, or for such time as is necessary due to failure of the Contractor to carry out any orders given to him.

6. WORKS TO BE OPEN TO INSPECTION

All works during the course of execution in pursuance of this contract shall at all times be open to the inspection and supervision of the **Vice-Chancellor/Estates Officer/Executive Engineer/Site Engineer** or their representative/s and the Contractor shall afford necessary facilities at all times during the usual working hours and at all other times for which reasonable notice shall be given to the Contractor. The Contractor shall afford facilities and every assistance for inspection, examination and test of the materials and workmanship. Orders given to the Contractor or his agent on spot shall be binding on him. Expenditure involved in this behalf shall be borne by the Contractor.

7. EXAMINATION/INSPECTION BEFORE COVERING UP

No work shall be covered up or put out of view without the approval of the Engineer-in-Charge of the works and the Contractor shall afford full opportunity to him to examine and measure any such work before covering-up. The Contractor shall give notice in writing to the Engineer-in-Charge, whenever any such work/s is or are ready for examination and the Engineer-in-Charge shall without any unreasonable delay attend for the purpose of examining or measuring such work/s.

8. UNCOVERING AND MAKING OPENINGS

The Contractor shall for the purpose of inspection and tests uncover any part or parts of the works as the **Vice-Chancellor/Estates Officer/Executive Engineer/Engineer-in-Charge** may from time to time direct and shall reinstate and make good such part or parts to the satisfaction of the Estates Officer/Executive Engineer/Engineer-in-Charge. All expenditure incurred in this behalf, shall be borne by the Contractor and in case of failure, the same shall be got done by the Department at the cost and expense of the Contractor.

9. INSPECTION AND TESTING OF MATERIAL

Testing of materials supplied by or to the Contractor shall be conducted in presence of the Contractor or his representative at the testing laboratories approved by the Engineer-in-Charge of the works.

Nothing extra will be payable to the Contractor for any such tests.

10. EQUIPMENT AND MATERIALS

The Contractor shall at his own cost procure, supply and transport to site all materials, etc. required for the works and bear all loading and unloading, storage and other incidental charges and taxes payable thereof.

11. REMOVAL OF DEFECTIVE WORK

If any material used in any part of the work is declared defective-in-quality by the **Estates Officer/Executive Engineer/Engineer-in-Charge**, the Contractor shall replace free of charge the same and shall bear the cost of dismantling the defective work and redoing the same.

12. WATER AND POWER ARRANGEMENTS

The Contractor shall make arrangements at his own cost and expense for the supply of water required for works or for the use of his staff and workmen. The expenses for use of electric energy for either to operate any appliance or for any other purpose in connection with the execution of this contract shall be borne by the Contractor.

13. MINIMUM FAIR WAGES PAYABLE TO LABOUR

The Contractor shall pay to labour engaged by him at site wages not less than minimum fair wages fixed under the law for the time being in force in the State. He shall have no claim whatsoever if on account of any local regulations or otherwise he is required to pay wages in excess of minimum wages.

14. WATCH AND WARD OF PLANT/EQUIPMENT/MATERIALS

The Contractor shall provide necessary arrangements with the approval of the Estates Officer/Executive Engineer/Engineer-in-Charge for storage at site in specified areas for all materials such as cement, timber,

metals, lime, bricks and ballast and such other materials which are likely to deteriorate due to exposure in the open. The materials shall be stored in such a manner that they are duly protected from damages and are easy for check and count at all times.

The Contractor shall be responsible for the watch and ward of his aforesaid plant/ equipment/ materials. In case of any loss or damage to the said equipment/materials, etc. on any account, the department shall in no case be liable to pay any compensation.

15. DEVIATION FROM SPECIFICATION AND PLANS

No deviation from plans, drawings, design and specifications shall be allowed without permission in writing of the **Vice-Chancellor/Estates Officer/Executive Engineer**. The Contractor shall not take advantage of any errors or discrepancies, occurring in the plants, drawings, designs or specifications but shall report the same and Engineer-in-Charge will make the corrections, if necessary, after prior approval of Estates Officer/Executive Engineer.

16. PROTECTION OF WORKS AND ADJOINING PROPERTY

The Contractor shall be responsible for the care of materials and partially or wholly completed works until the same are taken over by the University duly completed in accordance with the terms of the contract. The Contractor shall make good at his own expenses, any damage which the works may sustain from any cause whatsoever prior to the taking over of the same by the University. He shall also be responsible to make good at his own expenses all damages to the adjacent property, if any occurred due to the acts and negligence of his employees or in the course of execution of work.

17. INSURANCE

The Contractor shall at the time of execution of the agreement insure at his cost the works and keep them insured until the virtual completion and taking over of the works by the university against loss or damage by fire, etc. in an office to be approved by the University in the joint names of the SKUAST(K) and Contractor (the name of the former being placed first in the policy) for the amount of the works done at any stage. The Contractor shall deposit the policy and receipts for the premiums paid by him with the University.

18. CONTRACTORS REPRESENTATIVE

The Contractor shall keep on the site of work during its progress, a competent supervisor who shall be his official representative to whom instructions concerning the works may be given from time to time by the **Estates Officer/Executive Engineer/Engineer-in-Charge** and notices and written orders served by the Estates Officer/Executive Engineer/ Engineer In-charge upon such supervisor shall be deemed to have been served upon the Contractor.

The Contractor shall inform in writing within a fortnight of the execution of the agreement, the name of such official representative on the works.

19. CHARACTER OF WORKMEN AND PERFORMANCE OF EQUIPMENT

The Contractor shall be bound to employ competent and efficient workmen for every kind of work. Any person employed on the works who refuses or neglects to obey the directions of the Estates Officer/Executive Engineer/Engineer-in-Charge or who is considered incompetent to execute any part of the

works or is disorderly or who commits trespass upon public or private property in the vicinity of the works shall be dismissed when the Estates Officer so intimates and shall not be re-employed. The labour from outside State shall be employed only with the prior permission in writing of the University.

20. FACILITIES AT SITE

The Contractor shall arrange, construct and maintain at his cost necessary walkways, platforms, ladders, stairways and other facilities of usual and suitable character for all operations of construction and inspection. The Contractor shall arrange, provide and maintain facilities including site office at the site of work to the representatives of the Department who are deputed for the supervision of work.

21. HOUSING ACCOMMODATION AND SANITARY CONVENIENCES

The Contractor shall provide and furnish proper housing accommodation and sanitary conveniences, properly secluded, for the labour engaged on the works and those shall be maintained in a manner that will be inoffensive to the public and in compliance with local sanitary regulations.

22. PATENT AND ROYALTIES

The Contractor under this contract shall indemnify the SKUAST(K) against all claims arising from infringements of patents and royalties, covering tools, machinery, processes, appliances, devices, or materials used in connection with the works and the SKUAST(K) may retain out of the moneys which may be due and become due to the Contractor a sum sufficient to cover all such claims, when and if preferred until the claims are paid or satisfactorily settled.

23. EXTRA WORK, ALTERATIONS, ADDITIONS, OMISSIONS AND VARIATIONS

The Engineer-in-Charge with the approval of **Estates Officer/Executive Engineer** may make any variation in the form, quality and quantity of the works or any part thereof that may in his opinion be necessary or desirable. The Engineer-in-Charge shall be empowered to order to the Contractor to do any of the following:

- a) Increase or decrease the quantity of any work included in the contract;
- b) Omit any portion of work;
- c) Change the character or quality or kind of any such work;
- d) Change of levels, lines, positions and dimensions of any part of the works; and
- e) Execute additional works of any kind necessary for the completion of the project.

No such variation as aforesaid shall in anyway vitiate or invalidate the contract. The value, if any, of such variation shall be taken into account in ascertaining the amount of the contract price and determined as per original contract. No such variation shall be made by the Contractor of his own without any order in writing of the Engineer-in-Charge.

If at any time after the commencement of the works, the Engineer-in-Charge for any reason whatsoever does not require the whole works as specified in this agreement to be carried out, then he shall give notice in writing, in this behalf to the Contractor who shall not claim any payment or compensation whatsoever. The Contractor shall not also claim any compensation by reason of any alteration having been made in the original specifications, drawings, designs and instructions which involve any curtailment of the works originally contemplated/ estimated.

24. VALUATION OF EXTRA ITEMS

The Engineer-in-Charge with the approval of Vice-Chancellor/Estates Officer/Executive Engineer shall authorize the Contractor in writing to perform any extra item/s of work or furnish extra materials not covered by the specifications or not included in the BoQ but forming inseparable part of the works under this contract. The Vice-Chancellor/Estates Officer/Executive Engineer shall determine the amount (if any) to be added to or deducted from the approved cost in respect of any extra/additional work done or work omitted by his order. All such works shall be valued at the rates set out in the contract, if in the opinion of the Vice-Chancellor/Estates Officer the same are applicable. If the contract does not contain any rates applicable to the extra or additional work, then reasonable rates as specified hereunder shall be fixed by the Estates Officer.

- i) By analysis from the nearest item in the contract.
- ii) Items not covered by the above provision shall be paid by analysis based on rates of labour and materials required for the completion of works at market rates, plus 15% (fifteen percent) contractor's profit and overheads. For this purpose, the Contractor shall keep and present in such forms as the Estates Officer shall direct, a correct account of cost together with challans. The rates for these extra items as approved by the Vice-Chancellor/Estates Officer/Executive Engineer shall be final and binding on the Contractor.

25. CLAIMS

- i) The Contractor shall send to the Engineer-in-Charge, with a copy to the Vice-Chancellor/Estates Officer/Executive Engineer monthly account statement giving full and detailed particulars of all claims pertaining to any additional expense to which he may be considered entitled on account of extra or additional work ordered in writing by the Engineer-in-Charge which he has executed during the preceding month. No claim for payment for any such work will be entertained unless certified by Engineer-in-Charge and approved by Estates Officer/Executive Engineer.
- ii) If the Contractor considers any work ordered in writing to be executed by him to be outside the scope of this contract or any direction or order of the Engineer-in-Charge to be unfair, he shall immediately upon such work being ordered to be executed, ask for instructions or decisions in writing which shall be promptly furnished to him by the Engineer-in-Charge and thereafter he shall proceed with the execution of the works without delay.

26. DEFECTIVE AND BAD WORK

If it shall appear to the Estates Officer/Executive Engineer that any work has been executed with unsound, imperfect or bad workmanship or with materials of any inferior description or that any materials or articles provided by the Contractor for the execution of the works are of a quality inferior to the quality specified, the Contractor shall when directed in writing by the Engineer-in-Charge forthwith rectify with sound and specified materials and workmanship, or re-execute the part of works so specified, as the case may be, or remove the materials or articles specified and provide proper and suitable materials or articles at his own cost, notwithstanding the fact that the same may have been inadvertently passed, certified or paid for previously. In the event of his failing to do so within the specified period then the Contractor shall be liable to the penalty provided for in this contract and the Vice-Chancellor/Estates Officer/Executive Engineer may cause to rectify or remove and re-execute the work or remove and replace the same, as the case may be, at the risk and cost of the Contractor.

27. DAMAGES TO WORK DURING OR AFTER EXECUTION

If the Contractor or his workers or servants break, deface, injure or destroy any part of the structure or other property in the vicinity of the works belonging to any person in or on which they may be working, such structure, road, road kerbs, embankments, fence enclosure, water pipes, cables, drains, electrical or telephone posts or wires, trees, grass or grassland or cultivated ground contiguous to the premises on which the work or any part of it is being executed, the Contractor shall make the same good at his own cost and in default, the Engineer-in-Charge shall cause the same to be made good and deduct the cost thereof from any sums that may be due to the Contractor under this contract or from his performance security deposit.

28. MATERIALS, PLANTS AND APPLIANCES

The Contractor shall arrange at his cost all materials, plants, tools, appliances, implements, ladders, cordage, tackle, scaffolding and temporary works required for the execution of the works. The Contractor shall also arrange without charge, requisite number of persons with means and materials necessary for the purpose of setting out works, counting, weighing and assisting in the measurement or examination thereof at any time, failing which the same may be arranged by the Engineer-in-Charge at the cost and risk of the Contractor and deduct such expenditure from any money due to the Contractor under this contract or from his performance security deposit or from the sale proceeds of the Contractor's materials or a portion thereof.

29. SUBLETTING

The Contractor shall in no case assign or sublet the works in whole or in part under this contract.

The Contractor may adopt piece work system in respect of supply of materials but he shall be fully responsible to the University for the acts, omissions and commissions of the piece worker and of the person employed either directly or indirectly.

30. RECOVERY OF DUE AMOUNTS

Whenever any claim against the Contractor for the payment of any sum or money arises out of or under this contract, the University shall be entitled to recover such sum by appropriating in part or in whole the performance security of the Contractor or from any sum that may be due to him. Should the aforesaid sums be insufficient to cover the full amount recoverable, the Contractor shall pay to the University on demand the balance remaining due.

31. CLEARANCE OF WORK SITE

The Contractor shall not deposit materials on site which will cause inconvenience to the public or which is in contravention of the orders of the Engineer-in-Charge. The Engineer-in-Charge may require the Contractor to remove any materials, which are considered by him to be a source of danger or inconvenience to the public, or in contravention of his orders may cause them to be removed at the Contractor's cost.

32. WORKING DRAWINGS

The Contractor shall prepare detailed working drawings to enable him to fabricate, erect and construct all parts of the works in conformity to the plans and specifications.

33. STOPPAGE OF WORK

If the work is suspended for sometime on account of bad weather, floods, outbreak of fire, or non-availability of materials or tools and plants, etc., or due to any cause beyond the control of the Contractor, no compensation shall be paid to the Contractor on account of the aforesaid reasons but reasonable extension in time shall be granted at the request of the Contractor.

34. LOCAL LAWS AND RULES

The Contractor shall abide by all the rules, regulations and laws of Forest, Game, Revenue, Fisheries and other Departments including Municipalities, Town Area Committees, etc. For any violation, he shall be liable to be dealt with under the relevant laws. No compensation whatsoever on this account shall be payable to the Contractor by the University.

35. EXTENSION IN TIME

If the Contractor shall desire an extension in time for completion of the works on the grounds of his having been unavoidably hindered in its execution or on any reasonable ground certified as such by Engineer-in-Charge, he shall apply to the Vice-Chancellor/Estates Officer/Executive Engineer before 15 days of the date of such extension, giving reasons on account of which he desires such extension and the Vice-Chancellor/Estates Officer shall if in his opinion, which shall be final, on reasonable grounds shown therefore authorize such extension in time as in his opinion is necessary for completion of the work in its entity.

36. KEEPING FOUNDATION AND WORKS FREE FROM WATER

The Contractor shall provide and maintain at his cost and expense electricity or other power driven pump and/or other plant to the satisfaction of the Engineer-in-Charge for keeping the foundation and works free from water, until the works are taken over by the University duly completed. The Contractor shall arrange for the disposal of the water accumulated at the site of works to the satisfaction of Engineer-in-Charge and the authorities concerned.

37. CERTIFICATE OF VIRTUAL COMPLETION

The works shall be deemed to have been duly completed when the Vice-Chancellor/Estates Officer/Executive Engineer certifies in writing that the works have been completed by the Contractor. But no such certificates shall be given nor shall the works be considered to be duly completed until the Contractor removes materials and rubbish and cleans off the dirt from the site and all parts of the structures. If the Contractor fails to comply with the requirements of this clause as to the removal of scaffolding, surplus materials, rubbish and cleaning of dirt on or before the date fixed for the completion of works/handing over, the **Vice-Chancellor/Estates Officer/Executive Engineer** may at the cost and expense of Contractor cause to remove such scaffolding, surplus materials and rubbish and dispose of the same at his discretion. The Contractor shall have no claim in respect of any such removal of scaffolding or surplus materials, etc., as aforesaid except for any sum actually realized by the sale thereof.

38. DECISION OF VICE-CHANCELLOR/ESTATES OFFICER/EXECUTIVE ENGINEER TO BE FINAL

Except where otherwise specified in this contract the decision of the **Vice-Chancellor/Estates Officer/Executive Engineer** shall be final, conclusive and binding upon the Contractor on all questions

relating to the meaning of the specifications, designs, drawings, described in schedules annexed hereto and instructions hereinbefore mentioned and as to the quality of workmanship or materials used for the works.

39. PRICE ESCALATION

No price escalation whatsoever shall be allowed under this contract.

40. ARBITRATION

- a) If at any time doubt, question or difference whatsoever, shall arise between the Contractor and the University, upon or in relation to or in connection with this contract, either of the parties may give the other notice in writing of the existence of such doubt, question, dispute or difference and the same shall be referred to **Vice-Chancellor, Sher-e-Kashmir University of Agricultural Sciences & Technology of Kashmir** for nomination of an arbitrator for arbitration under the Jammu & Kashmir Arbitration Act and all rules framed there-under. The decision of the arbitrator thereon shall be final, conclusive and binding upon the parties.
- b) The Contractor shall not delay the carrying out the works or any part thereof by reason of any reference to arbitration and shall proceed with the works with due diligence and shall, until the decision of the arbitrator, abide by the decision of the **Vice-Chancellor/Estates Officer/Executive Engineer/Engineer-in-Charge**.

41. JURISDICTION COURT

For any dispute arising out of this contract, the Courts of Jammu & Kashmir at Srinagar only shall have jurisdiction.

42. SITE ORDER BOOK

A site-order book shall be maintained by the Engineer-in-Charge at the site of works in which instructions of the Executive Engineer/Engineer-in-Charge shall be entered and communicated to the Contractor as and when necessary. These orders shall be signed in token of receipt and complied with by the Contractor and nothing shall be written by him in reply. If the Contractor desires to represent any matter entered in the said order books, he may do so by a separate communication.
